

BUILDING PEORIA

Asphalt Micro Surfacing Maintenance Project

24-Hour Construction Hotline: (602) 264-6416

April 2011

Maintenance Activity Scheduled

From April 19-May 4, 2011, the City of Peoria Public Works Department will place a micro surfacing material in the following areas:

- 75th Avenue between Pinnacle Vista Drive and Jomax Road
- Jomax Road between 67th and 83rd avenues
- 83rd Avenue between Calle Lejos and Jomax Road

Micro surfacing is a mixture of aggregate, asphalt, emulsion and polymers that is mixed on site and applied across the width of the traffic lane in a single pass.

The project will add a new, attractive, and skid-resistant finish to the existing roadway thereby extending pavement life. Traffic is permitted on the roadway within one hour in most cases.

Construction work hours are 8:30 a.m. to 4:30 p.m., Monday through Friday; some weekend work may be necessary.

Expect traffic lane restrictions and obey all barricades and construction signs. In addition, please allow yourself extra time to get where you are going as there may be traffic delays.

Thank you for your patience and cooperation.

For More Information

If you have questions or need additional information about the project, please call the 24-hour hotline at (602) 264-6416. In addition, please note that the schedule can change at any time due to weather conditions, material availability, etc. For updates, visit the website at: www.peoriaaz.gov/BuildingPeoria. We are here to answer your questions and to assist you in any way that we can.
