

**CITY OF PEORIA, ARIZONA
COUNCIL COMMUNICATION**

CC: 2/C
Amend No. _____

Date Prepared: July 17, 2008

Council Meeting Date: August 26, 2008

TO: Carl Swenson, City Manager
FROM: David A. Moody, P.E., Transportation Planning Director
THROUGH: Dan Nissen, P.E., Acting Engineering Director
SUBJECT: Adoption of a Resolution approving the City of Peoria Street Classification Map. (Engineering Project No. M-0904)

RECOMMENDATION:

Discussion and possible action to adopt a Resolution approving the City of Peoria (City) Street Classification Map.

SUMMARY:

One of the most familiar parts of the General Plan is the Circulation Map. One of the products from the Circulation Map is the Street Classification Map. This map is both a planning and engineering tool that identifies specific road widths, number of lanes, intersection configurations, and other future right-of-way needs.

Specifically, Policy 3.1.A.1 of the Peoria General Plan states that the City shall develop a Street Classification Map that identifies future arterial right-of-way (ROW), ROW width, typical street cross-sections, and functional classification.

In addition, Chapter 23, Section 19 of the City Code, states that a street classification map for the City shall be prepared by the Director of Engineering, and approved by the City Council by Resolution.

Staff prepared a Street Classification Map, which designates all parkways, major arterial roadways, minor arterial roadways and collector streets, including routing for proposed public streets, right-of-way street cross-sections for the various classifications, intersection classifications and right-of-way for those various classifications.

1. Resolution

RESOLUTION NO. 08-120

A RESOLUTION OF THE MAYOR AND CITY COUNCIL OF THE CITY OF PEORIA, ARIZONA, ADOPTING A RESOLUTION APPROVING THE CITY OF PEORIA STREET CLASSIFICATION MAP.

WHEREAS, City of Peoria General Plan states that the City shall develop a Street Classification Map that identifies future arterial right-of-way (ROW), ROW width, typical street cross-sections, and functional classification, number of lanes, intersection configurations and future right-of-way needs; and

WHEREAS, the Director of Engineering is to prepare the Street Classification Map for the City; and

WHEREAS, the Street Classification Map has existed in a draft version, but could not be finalized until the street cross-sections were finalized as part of the City of Peoria Supplemental to Maricopa Association of Government (MAG) Uniform Standard Details; and

WHEREAS, the City of Peoria Supplemental to Maricopa Association of Government (MAG) Uniform Standard Details were finalized; and

WHEREAS, the Street Classification Map has been finalized and attached to this Resolution.

THEREFORE, BE IT RESOLVED that the Mayor and City Council of the City of Peoria, Arizona approves and adopts this Resolution to approve the official Street Classification Map.

Resolution No. 08-120
