Dear Ms Finney:

This correspondence is in response to your Request for Qualifications for Consultant Services for Lobbying, Solicitation Number P10-0059.

This correspondence outlines my background by way of my resume and my interest in continuing to be of service to the City of Peoria as a Consultant.

I have been consulting with the City on various projects since June of 2008 under the direction of Mr. John Schell Director of Intergovernmental Affairs. I have assisted and continue to work with Mr. Steve Burg in the City Attorneys' office with the APS line siting project. I have also assisted City Attorney Steve Kemp with an annexation project in the north west part of the City this project is still in process. I am also assisting Glen Van Nimwegen, Community Development Director in trying to have Chicanos Por La Causa assist the City with the mortgage foreclosures and HUD NSP II funds. Under the direction of Mr. Schell, I have communicated with and sent a request for funding to the Federal Highway Administrator, Victor M. Mendez for the New River Trail project. I share this information to give you somewhat of an idea of the diversity of my background and abilities.

I have addressed your SECTION 2 SCOPE OF WORK that you requested, and have included my response for the four different categories in separate sealed proposals including Method of Approach, Similar Experience/Projects, My Experience, Cost/Fee, and Compliance with Request for Proposal.

It is my understanding after my telephone conversation with you that all licenses, certificate of insurances will be submitted to you if I am successful in being selected as a consultant for the City of Peoria.

I have read and reviewed Standard Terms and Conditions and Special Terms and Conditions and agree that I will meet and comply with all conditions if my application is successful and I am selected to provide these services to the City

## OBJECTIVE

Successfully Obtain Contract for Consulting Services for Lobbying under:

### **Category 1-State Legislative Consulting Service**

## SCOPE OF SERVICES

### A. Method of Approach:

I have worked the State Legislative process and the Maricopa County process for over twenty years from the perspective of City government, State government and from the private business sector. Each entity has a uniqueness about getting legislation or policies approved and or denied. I have worked with legislative committee members and legislative staff to shape the outcome of legislation for the City of Phoenix and for the Governor's office and for Arizona Public Service.

My style of project management is to first make sure that I know what the outcome the City of Peoria, through the Director of Intergovernmental Affairs is trying to achieve. Find out what departments within the city may be affected positively or negatively so that we will try to determine any unintended consequences in the change of a policy or legislation. I would also in conferring with city staff find out who needs to be spoken to regarding are issue and who would be the appropriate individual to speak to that person meaning is it a City Department expert, the Consultant, the Director of Intergovernmental Affairs, the City Manager or the Mayor. Each issue is unique in that it may be in the Cities best interest to not be visible in confronting a change in policy or legislation. It may be that we work with Community Groups such as the Chambers of Commerce or the League of Cities to confront the issues for a number of social or political reasons.

In my previous positions with Arizona Public Service as the Senior Public Affairs representative for the company also in the Governors' office as an Executive Assistant and in the Mayor's Office for City of Phoenix as Executive Assistant, I have served as a key liaison for these principal to Maricopa County Government, State of Arizona Governors' Office and to State Legislators and to Community Groups across this state. I know how to represent the City and remove my personal biases from my representation to external audiences. I will give my personal experience and input with city staff but once a decision is made and the direction is agreed upon then it is my job to achieve that position for my client the City of Peoria

### B. Similar Experience/Projects:

I have over 20 years of working in the public sector 10 years of that working directly for City or State government and over 20 years of sitting on Boards and Commissions for City, State and School District Governing Boards

I have been appointed to Boards and Commissions from Governors of Republican and the Democratic parties I have worked closely with state legislators from both political parties. In the Mayor's office and in the Governor's office I have had to work closely with legislative leadership from both parties. As a lobbyist for APS I

had to work with all legislators regardless of party or leadership position. My policy is a vote counts and each legislators is a vote.

In my position with APS as a Lobbyist I worked with legislators to change the tax structure for Excess Utilities Funds that were going to school districts across the state. The funds were to be used for assisting districts with high utility cost. The reality was that school districts were using the funds to supplant other areas of needs and not for excess utility cost. We were successful in getting the tax burden on our company reduced.

Contact would be Mr. Martin Schults 602 250-2866 martin.schults@aps.com

I also was instrumental in getting the City of Phoenix to adopt a Women and Minority Business Program similar to what I created within Arizona Public Service I created with the resources of APS the Grand Canyon Minority Supplier Development Council, to Certify Minority Business

Contact Mr. Martin Samaneigo 602 819 2252

Most recently I was instrumental in working with Peoria City Attorney Mr. Steve Kemp and Director Intergovernmental Mr. John Schell and the States Attorney General Terry Goddard in getting the information that Mr. Schell and Mr. Kemp had put together to the AG and have him file a lawsuit against Maricopa County on the issue of encroachment and wrongful permitting of lands surrounding Luke auxiliary runways.

Contact Mr. Terry Goddard 602 542-7018 or Mr. John Schell 623 773-7785

In response to Acting as a liaison to local chambers of commerce and Valley leadership Groups I am presently the Chairman of the Board of WESTMARC a coalition of Education, Business, and Government that works in behalf of the West Valley Communities. I have been Chairman of the Arizona Hispanic Chamber of Commerce and a past member of the Greater Phoenix Chamber public affairs committee I was a Board member of Greater Phoenix Economic Development Council representing APS.

- C. I am the only employee of Othon Consulting Inc all work that is assigned to this contract will be performed by me personally.

I have attached my resume for your review.

- D. My cost for the performance and scope of service for this contract would be fixed price of five thousand \$5,000.00 a month for the term of this contract. If assignments for services performed for this contract would be on an hourly basis my fees would be two hundred and fifty dollars \$250.00 per hour. I would prefer to be on a monthly contract versus an hourly rate. If in the event that my service were not used during any given month there would be no cost to the city for that period. I am open if selected to perform under this contract to discuss compensation.

### SECTION 1 - INTRODUCTION

- 1.1 Overview** City of Peoria Intergovernmental Affairs Office (City) requests proposals from firms interested in providing consulting and technical support services for government and community relations. Experience working with municipalities or other government entities is highly desirable.
- 1.2 Background** The City of Peoria, Arizona was incorporated in 1954 and is located in the northwest metropolitan valley area. It is governed by an elected Mayor and Council, with administration provided by a City Manager. The City operations are supported by approximately 1,000 full-time and 300 part-time employees.
- The City limits consist of approximately 178 square miles of residential, commercial, industrial and municipal developments. The City has an estimated population of 150,000.
- 1.3 Statement of Intent** It is the intent of the City to create multiple source contracts that will fulfill the need for a variety of City government needs. Firms may offer services for all or a specialty subset of the classifications listed in the Scope of Work. The initial awarded firms will be awarded term contracts, which will be extended per the Special Terms and Conditions, Page 8, Paragraph 7.
- The City will accept additional proposals from firms prior to the extension of current awarded contracts. The submitted proposals will be evaluated based on the existing criteria and may be awarded if deemed appropriate. Any newly awarded contracts would be in affect only for the remainder of the original contract term.
- Consultants that are awarded contracts from the original solicitation will not be required to re-submit proposals, but will have their contracts extended per the terms and conditions if deemed appropriate at time of renewal.
- No selected consultant is guaranteed a project. The City reserves the right to waive use of the selected consultants where, in the City's judgment, other selection methods may be more appropriate.
- Once the City awards an on-call contract to multiple qualified firms, authorized City staff will contact the firms whose service offerings most closely match the services needed for a particular project. Those selected firms will be asked to provide specific qualifications and price quotes for the project at hand in order for an appropriate decision to be made by the City prior to final recommendations and project award. Qualifications and specific skills will be equally considered, along with cost, in determining the most responsive firm and, subsequently, receiving award of the project.
- 1.4 Period of Service** Consultant's services shall be requested and performed on an as-needed basis. The contract for consultants for Category 1, 2, 3 and 4 will become effective on or about July 1, 2010, and will be in effect for one (1) year, through on or about June 30, 2011. Consultant shall perform services in accordance with the schedule(s) provided by City staff. Failure on the part of Consultant to adhere to such work schedule(s) shall be sufficient grounds for cancellation of their contract.
