TESTING THE LINE

Pierson Construction Corp. has pressure tested the new 30-inch water main under Lake Pleasant Road between Rose Garden Lane and Beardsley Road. Next, the new line will be disinfected and put into service.

The contractor has begun paving in the same location.

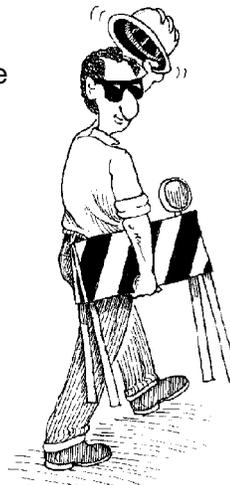

ON THE PEORIA ROADWAY

The contractor continues maintaining one lane of traffic in each direction on the east side of Lake Pleasant Road. Access for residents, businesses and emergency vehicles will be maintained at all times. Please allow yourself plenty of time to get where you are going, as there may be traffic delays. Also, do not remove barricades or traffic signs as they are in place for your protection.

The traffic control change remains in place. Please note there is a three-way stop for all traffic traveling through the intersection of Lake Pleasant Road and Rose Garden Lane. This temporary change was implemented to provide a safe environment for drivers passing through the construction work area.

SO LONG, FAREWELL

This is the last newsletter you will receive because the project is nearly finished. Pierson expects to complete the work this month.

AS CLOSE AS THE PHONE

If you need more information about the improvement project in your community, call the 24-hour construction hotline at **(602) 264-6416**. We are here to answer your questions and assist you in any way that we can.
