Issue 1

Improvements Underway

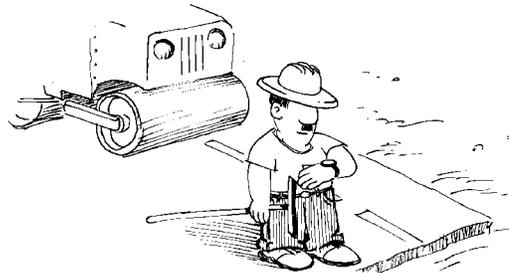

Haydon Building Corp. has begun constructing the two new southbound lanes of Lake Pleasant Parkway between Williams Road and Dynamite Boulevard. Project completion is slated for September 2006. Currently, construction crews are forming and placing concrete for new box culverts in the same location.

A NOTE FOR DRIVERS

Traffic has been diverted onto the northbound side of Lake Pleasant Parkway until the southbound improvements are completed. This means, restrictions should be minimal as there is one lane of traffic moving in each direction. However, please slow down when driving through the construction work area and allow yourself plenty of time to get where you are going as there may be delays. Access is being maintained for residents, businesses and emergency vehicles.

SAFETY IS THE KEY

For safety reasons, please stay away from the construction work area until the project is finished. Thank you for your cooperation.
