

April 2007

Issue 2

Project Update

Last month, Haydon Building Corp. cleared the right-of-way on Deer Valley Road from Lake Pleasant Parkway to 95th Avenue. Construction crews also paved the temporary traffic realignment (detour road) on Rose Garden Lane.

This month, the contractor will continue installing sewer and water pipelines under Deer Valley Road between Lake Pleasant Parkway and 91st Avenue. In addition, crews will begin constructing the new box culvert under Lake Pleasant Parkway and Williams Road.

Deer Valley Road Restrictions

Beginning April 5, Deer Valley Road will be closed to eastbound traffic between 91st and 95th Avenues. One lane will be maintained for westbound traffic. This restriction will be in place for approximately three weeks.

Traffic Restrictions

During construction, traffic lane restrictions may occur in the work area. So, allow yourself extra time to get where you are going, as there may be traffic delays. In addition, observe the 25 mph speed limit

in the work zone. Please do not move barricades or traffic signs as there are in place for your safety. Access for residents, businesses and emergency vehicles will be maintained at all times.

Illegal Dumping

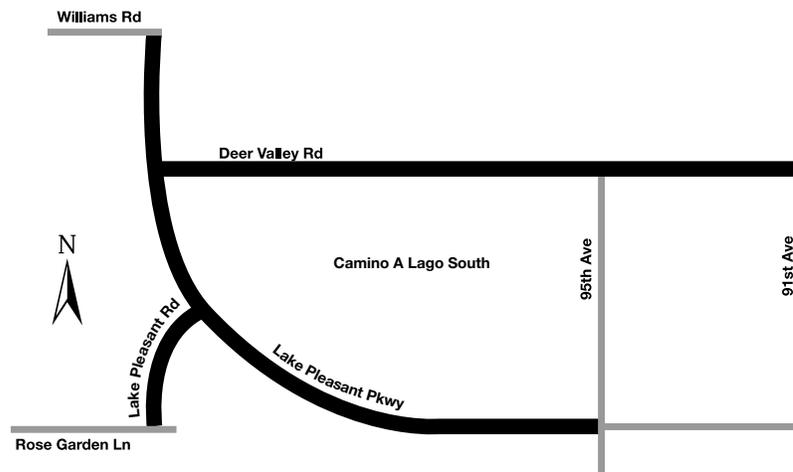

Please do not dump trash of any kind in the desert north of Rose Garden Lane. Trash dumping is illegal and will slow down the improvement effort in your community.

Child Safety

Children and adults have been seen in the work area. Entering a construction work area is extremely dangerous. Stay out of the construction work area and tell your children and neighbors not to go near the construction site until the project is complete.

If you see any illegal dumping, or people going into the work area, please call the City of Peoria Police Department at (623) 773-8311.

Thank you for your cooperation.
