

The Thunderbird Road Improvement Project (Loop 101 to 94th Drive)

February 2009 • Issue 6

24-Hour Construction Hotline: (602) 264-6416

91st Avenue & Thunderbird Road Left Turn Restriction

Beginning Tuesday, February 10, eastbound Thunderbird Road traffic will not be able to turn left onto 91st Avenue. This restriction will be in place through Friday, February 13 to allow crews to widen the north side of the intersection.

Construction Activity Update

This month, crews are:

- landscaping and placing decorative pavers in the medians
- placing concrete sidewalk ramps at the 91st Avenue and Thunderbird Road intersection
- placing sidewalk on the north side of the New River Bridge
- installing the first layer (base course) of asphalt on the north side of Thunderbird Road between Rio Vista and 94th Drive

Project Scope

FNF Construction, Inc. is improving Thunderbird Road between Loop 101 and 94th Drive. Improvements include curb, gutter, sidewalk, storm drain, paving, the widening of New River Bridge, landscaping, streetlights and traffic signals. The project is slated for completion in summer 2009.

Traffic Switch Ahead

The contractor continues maintaining one lane of traffic in each direction on Thunderbird Road; left turns may be restricted. In mid-February, traffic will be routed onto the new asphalt on the north side of Thunderbird Road. Access will be maintained for residents, businesses and emergency vehicles at all times. Please slow down when driving through the area and obey the construction speed limit. In addition, allow yourself time to get where you are going as there may be delays. Do not move barricades or traffic signs.

Safety Is Paramount

Please do not go into the construction work area until the project is finished. Thank you for your cooperation.

We're Here For You

If you need more information about the construction improvement project, please call the 24-hour construction hotline at (602) 264-6416. We are here to help in any way that we can.
