

The Happy Valley Road Improvements, 67th Avenue to Lake Pleasant Parkway Project

April 2009 • Issue 3

24-Hour Construction Hotline: (602) 264-6416

About The Project

The City of Peoria awarded a contract to Ames Construction, Inc. to improve Happy Valley Road from 67th Avenue to Lake Pleasant Parkway. When completed in winter 2009, Happy Valley Road will carry three lanes of traffic in each direction with bike lanes on both sides of the roadway. The project is being managed by Jacobs Engineering.

On The Jobsite

Ames Construction has completed Phase 1, which encompasses the construction of a new roadway between Terramar Boulevard and 83rd Avenue.

Work on Phase 2 is underway. Improvements include:

- construction of a new road between 83rd and 91st Avenues
- widening the existing roadway from 91st Avenue to Lake Pleasant Parkway
- installation of new traffic signals at the 91st Avenue and 95th Avenue intersections
- construction of sound walls and a frontage road
- installation of new water and sewer lines

Road Closure Planned

Happy Valley Road will be closed between 91st and 95th Avenues from 9:00 p.m. to 5:00 a.m. on April 20, 21 and 22. Crews will be trenching across Happy Valley Road for the placement of electrical lines. Noise from construction vehicles will be audible. Access for emergency vehicles will be maintained at all times.

Red, Yellow, Green: Go

The majority of the construction improvements are taking place off of the roadway, so traffic restrictions will be minimal. However, do expect traffic restrictions during the summer months. Road closures will occur on 91st Avenue from Hatfield to Happy Valley Road and on 92nd, 93rd and 95th Avenues. Please note that access for residents, businesses and emergency vehicles will be maintained at all times.

Check the website visit www.peoriaaz.gov/BuildingPeoria for traffic restriction updates.

Safety Is Paramount

Do not go near the construction work area until the project is complete for your safety and the safety of others. Because this is a construction zone, pedestrians, equestrians and off-road vehicles are not permitted in the area. In addition, do not move barricades or traffic signs as they are in place for your protection. The speed limit in the construction area is 25 mph.

We're Here For You

If you have questions, concerns or need information about the improvement project in your community, please call the 24-hour construction hotline at (602) 264-6416. We are here to answer your questions and assist you in any way that we can.
