

# EXPANDING NEIGHBORHOOD SURROUNDINGS

## The Union Hills Drive | 84th Avenue Improvement Project | to Loop 101

**24-Hour Construction Line: (602) 264-6416**

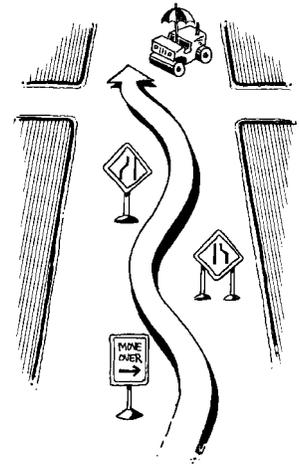

July 2005 • Issue 3

### Building A Bridge

Archon, Inc. is forming and placing concrete for the new bridge columns on the north side of Union Hills Drive over the New River. Construction crews also are installing reinforcing steel for the new bridge deck.

### PAVING NEW ROADWAYS

Currently, the contractor is grading the dirt on the north side of Union Hills Drive between Loop 101 and 82nd Avenue. This activity is being done in preparation to install new asphalt in the same location. Crews also will begin adding an eastbound right turn lane on the south side of Union Hills Drive west of 83rd Avenue.

### AT THE 83RD AVENUE INTERSECTION

Archon soon will begin widening and improving the intersection of 83rd Avenue and Union Hill Drive. In order to complete this improvement, northbound traffic will be restricted to one lane. The contractor may need to work in the intersection at night to minimize inconvenience to the traveling public.

### ON THE ROADWAY

Currently, Archon is maintaining two lanes of traffic in each direction on Union Hills Drive. However, please note that traffic on Union Hills Drive is not permitted to make left turns onto 83rd Avenue.

Access for residents, businesses and emergency vehicles will be maintained at all times. In addition, please allow yourself extra time to get where you are going, as there may be traffic delays. Also, do not move or remove barricades or traffic signs. Tampering with a traffic control device is a criminal offense.

### SAFETY IS CRUCIAL

Please do not go into the construction work area until the project is completed for your safety and the safety of others. Thank you for your cooperation.
