## Artist Profile

### The Grace Note

*Michael Cunningham's work is an exploration of abstract expressionism through texture, color and forms.*

Michael's portfolio includes, several styles of work. Abstract, African, Musical and Floral.

His body of work embodies these styles and they are easily recognizable because his creations have a signature color composition and élan.

Jazz compositions create color that can be translated to canvas and Michael will demonstrate this theory as the audience enjoys music by some of the great Jazz Artists.
