

Resident Requirements

- Applications turned in after deadline will not be accepted.
- No additional work will be asked of the volunteers on the day of the event.
- Residents are responsible for working with the assigned volunteers as soon as they arrive at the property.
- Homeowner or adult (over age 18) must be at residence on the day of the project while work is being done. Residents must be outside working along side volunteers.
- Residents must provide water, juice/soft drinks for the volunteers. Snacks are also appreciated.
- Prior to 6:00 a.m. of the scheduled event, the house must be masked in preparation of painting unless prior accommodations were made.
- Cars, shrubbery, and debris must be moved away from the house prior to the event.
- All pets must be kept inside the house during the event.
- Properties must be kept clean and free of any city code violations per signed agreement.

Taking Pride in Peoria

The City of Peoria's Neighborhood Pride Program is designed to help established neighborhoods maintain their appearance and value. The program is a cooperative work effort between the City and residents to eliminate city code violations and to offer assistance to individual property owners for improvement of their properties by the award of materials and volunteer help. Typical improvements completed during the enhancement segment of the project include exterior house painting, fence/gate repair, removal of unwanted items, and placement of gravel.

What is the cost to me?

There is no cost to participating homeowners. The city covers the cost of materials and equipment used during the project and volunteers provide the labor. Residents are requested to help volunteers that are assigned to their individual home.

Who is eligible to participate?

Homeowners and tenants (with permission from the property owner) in the predetermined project area.

Who is not eligible?

Homeowners whose homes are for sale are not eligible to participate unless they pay a \$200 fee for supplies.

Can we choose our paint colors?

The City has 3-4 neutral paint choices available. The resident can choose between those paint choices.

Can we choose the color/size rock?

The City gets one color/size rock for the neighborhood. The City chooses a popular color that is neutral.

How much time is involved in completing this project?

Typically the project day starts around 7:00 a.m. and ends by mid-afternoon. Some prep work may be done during the previous week.

Who needs to be home the day of the project?

If the homeowner is not available, an adult representing the owner must be on site.

How are neighborhoods selected?

Staff recommends specific neighborhoods that are showing signs of deterioration and increasing numbers of City code violations to Peoria Neighborhood Pride Committee.

The committee oversees the Neighborhood Pride Program and selects three to four projects to be conducted during the coming fiscal year.

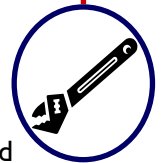

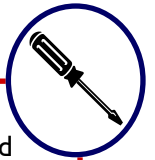

How do I apply?

Once a neighborhood has been selected by the Neighborhood Pride Committee, the City's Neighborhood Improvement Specialist will contact all homeowners within the project area to let them know that their neighborhood has been selected.

Interested homeowners are required to complete and return a Neighborhood Pride Program application by the application due date. Late applications will not be accepted.

How will I know if my enhancements are approved?

After your application and release form have been reviewed by City staff, an appointment will be scheduled for an inspection of your property. The enhancements you have requested will be discussed with you and a property worksheet will be completed. You will receive a letter informing you of the approved enhancements.
