Street Signs and Pavement Markings

Signs

City of Peoria Streets Division presently maintains approximately 21,754 traffic related signs. All traffic signs located within city right-of-ways are on a replacement program that is based on the retro-reflectivity of each sign and the mandates set forth by federal and state guidelines.

To report signs down or needing repairs, you can email the Streets Division at streetrepair@peoriaaz.gov or call 623-773-7432.

For new sign requests please call the Engineering Division at 623-773-7212.

Pavement Markings (Striping and Symbols)

City of Peoria staff currently maintains all existing roadway striping, symbols and crosswalks located with the city right-of-ways. Longitudinal striping is done on an annual basis. Symbols and crosswalks are maintained on average every three to five years. To report problems for existing striping, please call 623-773-7432.

New roadway striping and inspections are handled by the Engineering Division.

For more information regarding new roadway striping and inspections, please call 623-773-7212.
