Traffic Signals

The City of Peoria Streets Division presently maintains approximately 120 traffic signals. To report traffic signal outages or requests for service online, please visit the Streets Division Home Page or send an email to streetrepair@peoriaaz.gov. New traffic signal construction is handled by the Engineering Services Division. For more information, please contact the Engineering Services Division at 623-773-7212.

All traffic signals located on Grand Avenue and AZ Loop 101 are owned and operated by the Arizona Department of Transportation (ADOT). To report problems with ADOT traffic signals, please call 602-712-7355 or submit the issue online by [clicking here](#).

Traffic signals positioned at the following locations are maintained by the Maricopa County Department of Transportation (MCDOT). To report problems with MCDOT traffic signals, please call 602-506-6063 or submit the issue online by [clicking here](#).

- Peoria Avenue & 99th Avenue – All traffic signals west of this intersection
- Olive Avenue & 99th Avenue – All traffic signals west of this intersection
- Westbrook Parkway & Union Hills – All traffic signals west of this intersection
- Happy Valley Parkway & 115th Avenue
