

## PEORIA POLICE DEPARTMENT

---

### TRAFFIC SERVICES

8351 W. Cinnabar  
Peoria, AZ 85345  
Phone: 623-773-7020

Recent changes to the Peoria Police Department Website now allow citizens to relay their concerns and complaints about traffic issues directly to the Police Departments Traffic Services Section via the internet.

The Police Department truly appreciates the involvement of citizens in making the City of Peoria a better place to live and work. By taking the time to complete the attached Traffic Complaint Form and notifying the Police Department of locations which may present a hazardous condition, you have assisted the Police Department in our ongoing efforts to make Peoria a safer place to drive.

The City of Peoria contains over 450 linear miles of paved roadways, with the total number of miles continuing to increase as the cities population continues to grow. The Police Department strives to educate the driving public, as well as enforce state and city ordinances to achieve compliance with traffic laws. All traffic complaints will be processed and addressed in a timely manner, with an appropriate response dictated by staffing limitations. If you desire to be contacted, you will be contacted by phone regarding receipt of the Traffic Complaint Form and of any planned Police Department actions to address your concerns.
