Letter from the Director J.P. de la Montaigne

Spring Training Wrap-up

The 14th Spring Training season kicked off with fabulous weather this year for the Peoria Sports Complex. And the beautiful sunny skies and warm temperatures held on for most of the season. Only one day of rain darkened the skies for the Peoria Major League baseball teams – Seattle Mariners and San Diego Padres – and even with the gloom and hail, we were able to get the game in through 5 innings. The attendance figures topped last season numbers in Peoria and for the Cactus League as a whole. It seems that fans were very excited to once again come out and soak up rays in the Valley of the Sun and the City of Peoria. If you didn't make it to a game this year, make sure to put it on your calendar for next March – nothing beats baseball in the sunny springtime at the Peoria Sports Complex!

Super Series

The unique setup at the Peoria Sports Complex is ideal for adult, college, high school and youth baseball tournaments and championships. We are again proud to host the Super Series Baseball 2007 Summer National Championships. This year, we will play host to the following divisions: 13 year old 60/90 and 16 year old National Division from June 30 to July 7 and 14 year old 60/90 American and National Divisions from July 7 to July 14. Each division is comprised of teams from across the nation competing for the esteem of being the National Champion. Come out and join us for a game! For more

information on location, game times and nearby places of interest, visit our website at http://www.peoriaaz.gov/sportscomplex/sportscomplex_main.asp.

Recreation Center Grand Opening

We are excited to say that the Rio Vista Recreation Center will be open later this summer! Come sign up for a monthly or year-long pass-holder package and visit us as much as you'd like during that time frame. If you aren't ready to commit, come in and purchase a day pass and once you see all the great amenities in action – bouldering/rock wall, indoor basketball courts, racquetball courts, over-gym running track, state of the art fitness equipment and more – you won't be able to sign up fast enough! For more up-to-the-minute information, visit our department website at <http://recreation.peoriaaz.gov>.

Library

The summers may be hot in Arizona, but the library is the 'cool' place to be for people of all ages. Once again the library will be hosting three super summer reading programs. Read Your Way to the Ball Park is always a 'hit' with children as will be this year's teen program, You Never Know @ Your Library. Adults can enjoy a little friendly non-competitive "competition" by participating in Sleuthing in the Stacks. Each of the programs offers great prizes and drawings for reading a certain amount of books. They run from the end of May through late July and it's never too late to join!

Mission Statement

It is the mission of the Community Services Department to meet the needs and the desires of the citizens of Peoria by developing, implementing and maintaining quality programs, services, events and facilities which are cost effective, creative and responsive to citizen input.

SWIM LESSONS

- Lessons consist of nine days of instruction, Week 1- Monday through Friday, Week 2 -Monday through Thursday. These are called sessions.
- Classes are 30 minutes long
- Taught by Red Cross Certified Water Safety Instructors
- Children must be able to listen to the instructor without parents help.

Cost per Session

Parent/Tot, Preschool, Level 1 – 6

\$15 Peoria Residents, \$45 for Non-Residents

Parents, please note that your children will not always pass a level after their first session of swim lessons. Though it may seem frustrating to you, some children will not advance simply because they do not have the strength, attention span or cognitive ability to perform the skills necessary for the next level. It is always more beneficial to the child to repeat a level than to be placed in a class where he/she does not belong. This is the primary reason for allowing you to only register for 2 classes at a time. We strive to keep each class at the appropriate participant levels. When we have to shift children between levels, classes become over booked, resulting in the participants receiving less individual instruction.

MAY - Big Dipper day hike

3.2 miles RT – Moderate – Elevation 5,400' down to 4,400'

As things begin to heat up in the valley it's nice to head out of town for a little fresh air and a cool dip in a scenic creek. The Big Dipper, located in the Bradshaw Mtns. north of Phoenix, is just such a place. We'll access the area via the Algonquin Trail #225, which switches back and forth a number of times along the descent to Poland Creek. There are a few overgrown sections so long pants or gaiters are highly encouraged. The end of this trail requires rock hopping, a couple of creek crossings and swimming for those interested in checking the water temperature. Please wear appropriate clothing and bring a lunch and at least 2 liters of water. Water will be available in Poland Creek but it should be treated before use.

Sat. May 5 Meeting time: 7am Cost: \$5 #42507

JUNE - Overnight Backpack trip to Horton Creek

6.7 miles RT - Easy – Elevation 5,468' up to 6,650'

Horton Creek is one of many spring fed streams nestled along the Mogollon Rim NE of Payson. This perennial creek is quite charming and there are lots of areas to explore under the lush canopy of ponderosas, maple trees and oaks. The path is easy to negotiate and the elevation change is hardly noticeable so it's a perfect trail for beginners. Take a break from the simmering valley temps and enjoy a weekend wandering through the pines and playing in the cool waters of Horton Creek.

Sat. - Sun., June 2 - 3 Meeting time: 6:45am Cost: \$20 #42508

JULY - Walnut Canyon day hike

Elevation 6,690' down to 6,490'

Walnut Canyon in Flagstaff is the ancestral home of the Sinagua people. Their cliff dwellings, built over 900 years ago, can be visited by taking a short but strenuous hike into this pristine canyon. After our visit to the ruins we'll take another short trek along the rim for some stunning views. Please wear appropriate clothing and bring a lunch and at least 2 liters of water.

Sat. July 7 Meeting time: 6:45am Cost - \$10 #42509

Our Mission... To provide a continuum of leisure opportunities and related services designed to enhance the quality of life for individuals with disabilities.

Our Philosophy... The Adaptive Recreation Program recognizes that meaningful leisure activities can have a positive and often profound impact on the lives of persons with disabilities. Therefore, we are committed to promoting and providing a wide range of both integrated and specialized activities.

Quality Programs... The City of Peoria is proud of the awards garnered by the Adaptive Recreation Program over the past several years, which include **Outstanding Organization Award** (Arizona State Therapeutic Recreation Association), **Outstanding Parks and Recreation Department** (Arizona Special Olympics), the **Integration Achievement Award** (State of Arizona, Governor's Council on Developmental Disabilities) and a **National Finalist for the Gold Medal Award for Outstanding Parks and Recreation Department, Special Populations** and a **Best Practice Award** from the Arizona Department of Economic Security, Division of Developmental Disabilities.

Participation Policies...

In order to provide a safe and fun environment for everyone, it is important that participants follow program policies. These policies are guidelines for appropriate social behavior, personal care needs, and emergency contacts. For complete guidelines visit our website at www.peoriaaz.com. Guidelines may also be picked up at the various programs offered through the Adaptive Recreation Program.

DES/DDD FUNDED PROGRAMS

The City of Peoria Adaptive Recreation Program has contracted with the Department of Economic Security Division of Developmental Disabilities (DES/DDD) to offer a variety of Day, Treatment and Training Services and recently expanded to include Respite and Habilitation Services. The primary goal of all DES/DDD contracted programs is to enhance social and independent living skills through various recreational opportunities through community outings and service projects. Participants are required to follow program guidelines and display appropriate behavior in a group setting.

Adult Day Program

Out of school with little to do? The Adaptive Recreation Program offers a Day Program that is designed to provide unique and challenging activities in a small group setting. To inquire about openings contact Brian at 623-773-7925.

Peoria High School After School Program

Provides age appropriate activities for students 12-22 years of age. Program days follow the Peoria Unified School District calendar.

Carbon Monoxide Poisoning Facts

Carbon monoxide is a potentially deadly gas produced any time a carbon-based fuel, such as gasoline, propane, charcoal, or oil, burns. Sources on your boat include gasoline engines, generators, cooking ranges, and space and water heaters. Cold or poorly tuned engines produce more carbon monoxide than warm, properly tuned engines.

Carbon monoxide is colorless, odorless and tasteless and mixes evenly with the air. It enters your bloodstream through the lungs and displaces the oxygen your body needs. Early symptoms of carbon monoxide poisoning - irritated eyes, headache, nausea, weakness, and dizziness - are often confused with seasickness or intoxication. Prolonged exposure to low concentrations or very short exposure to high concentrations can lead to death.

Each year, boaters are injured or killed by carbon monoxide. Most incidents occur on older boats and within the cabin or other enclosed areas. Exhaust leaks, the leading cause of death by carbon monoxide, can allow carbon monoxide to migrate throughout the boat and into enclosed areas. New areas of concern are the rear deck near the swim platform with the generator or engines running and teak surfing or dragging behind a slow moving boat. Regular maintenance and proper boat operation can reduce the risk of injury from carbon monoxide.

Memorial Will Recognize Our Community's Military Veterans

Both as a veteran and as mayor, I am following closely the work on Peoria's new Veterans Memorial, which is under construction at Rio Vista Park. This lasting tribute to our community's service members will be located just west of the new recreation center at the park (located just west of Loop 101 and north of Thunderbird Road).

The memorial's 88-foot-long, black granite wall will evoke the Vietnam Veterans memorial in Washington. However, Peoria's will be unique. Veterans and service groups from around the Valley already are lining up to sponsor panels on the wall that describe significant events in our nation's military history.

A \$400 donation to sponsor a panel helps the memorial take shape and, more importantly, makes the community an integral part of turning this significant tribute from concept to reality. To date, about 30 groups have stepped forward, eager to honor our veterans. (Organizations that wish to sponsor a section of the memorial should contact Kirk Haines, parks manager, at 623-773-7120.)

Another group of community members is hard at work to help manage this community interaction with the memorial, and to ensure that Peoria's veterans are recognized properly each year.

The seven citizens who have volunteered to serve on the Veterans Memorial Board meet in public session on the second Tuesday of each month. (Check with the City Clerk's Office for meeting locations and times.) This board is working with the groups that want to sponsor sections of the wall, and developing events that will bring the community together to honor those who serve, and those who served before them.

Construction of the memorial should be complete sometime this summer, when a small ceremony is planned to recognize those who helped build it.

Later in the year, once the recreation center is complete and cooler temperatures make outdoor events more pleasant, a large dedication ceremony will be held – on or around Veterans Day.
