From the Superintendent

As the weather cools off I would like to wish everyone a joyous holiday season ahead. We have some exciting changes to announce on the fitness floor here at the Rio Vista Recreation Center. Over the next few months we will be replacing the cable circuit equipment with 13 new pieces. In addition, we are installing new rubberized flooring material throughout the fitness floor. The project will close the facility for one week. Look for the confirmed closure dates to be announced in the next few weeks. But don't worry we will be extending all current one month or greater pass holder passes by 2 weeks for the inconvenience. I am very excited for these facility upgrades and know everyone will benefit.

Keep the comments coming. The City wants to know your thoughts about our facility and programs. Comment cards are available near the check-in desk as you walk in the front door. I have included a brief facility survey on the back of the comment cards so please take a minute to complete.

Thanks,
Kevin Naughton, Recreation Superintendent
