

83rd AVENUE REALIGNMENT

83rd Avenue has been opened to traffic after several months of construction. The closure was necessary to realign the road as part of the construction of Cotton Crossing east of the Peoria Municipal Campus. During construction, the city opened up Cinnabar Avenue to permit access to the Public Safety Administration Building and the east parking garage; now Cinnabar will be closed once again.

GET READY FOR A ROUNDABOUT
Vehicles on 83rd Avenue can access Cinnabar and the Municipal Campus via a roundabout. Cotton Crossing will be closed heading east until mid-2010 when traffic signals will be installed at a new intersection with Grand Avenue .
