(\$) = nominal charge

The Easter Egg Hunts were initiated in 1976 by Dolly Sanchez, who was a member of the Peoria Community Action Program and Parks and Recreation Board. Because of the success of the hunts, coupled by the city's growth, the Peoria Community Services Department was asked to help in 1983. Thus, a twenty-four year partnership has developed to improve and expand this fun-filled family event. Through the years, the Easter Egg Hunts have expanded from one park, Varney, to seven neighborhood parks, and finally in 1994 to the Peoria Sports Complex. The hunts have experienced steady growth since its conception in 1976.

The event is primarily staffed by volunteers, thus the majority of the funding is expended on the candy hunts and activities. The Community Action Program, the Sanchez family and the Special Events staff work cooperatively to seek donations and sponsors to help defray the costs for the event.

The Sanchez family remains an integral part of the Easter Egg Hunts and the community. The Community Action Program continues to assist the families of Peoria and is located in the Peoria Community Center.

Special Thank You

Aqua Tots
