

Grants Q. & A.

Q. Can a group go outside the Events List?

A. We recommend that you discuss your idea with staff before submitting the Grant application. There may be circumstances that will qualify.

Q. Can the Events List change?

A. Yes; there is always the potential for that to happen. If it occurs after the application has been submitted, the staff will work with you to find a circumstance that will work.

Q. Do you need letters of support from any partners in the Grant.

A. Yes, any partner organization should have all the same supporting information that the applicant needs to include.

Q. Do you have to go outside your facility to accomplish "Outreach"?

A. No, you can satisfy the Outreach by bringing in new audiences. However, you still need to participate in the number of City Events (off City Event List) required based on the amount of your award.
