Please keep your child home if they display any of the following symptoms; nausea, vomiting, diarrhea, temperature above 99° without medication, red/inflamed eyes, cold symptoms, headache, rashes or other pains within the previous 24 hours.

Minor scratches and cuts will be treated at the Site. If a serious accident should occur, the City of Peoria Fire Department will be summoned for treatment and they will decide whether your child should be taken to the nearest hospital or doctor's office by ambulance. You will be notified immediately. Treatment may only be rendered if we have your written authorization on file, which is located on the emergency registration form.

### **MEDICATION**

The Tiny Tots Program staff may administer medication. To authorize giving medication to a child, the parent/guardian must complete a Medication Release Form and bring the prescribed amount of medication in the original container. Forms are available at the program.

### **CLOTHING**

Program T-shirts must be worn for all field trips. Extra T-shirts are for sale. Clothes should be comfortable, relaxed and washable for messy projects and outside fun. Nothing fancy for fun. ## POLICIES & PROCEDURES

### **PARENT/STAFF COMMUNICATIONS**

The Tiny Tots Program staff would like to work as a team with the family to provide the best environment for the child's growth and development. Exchanges of information between parents and staff will be a formal or informal format. Information regarding Tiny Tot issues will be provided to the parents as they arise. It is requested that any changes occurring within the family for example, a sibling moving, a sick grandparent or pet, or alterations in the parents' relationship will be provide to the staff to gain insight into the child's behaviors or attitudes that may be displayed at the program.

### **GUIDANCE and DISCIPLINE**

When a child does need guidance, the following options are utilized depending on the behavior steps may accelerate:

1. Encourage the child to verbalize his/her feelings and to think of alternative solutions.
2. Focus on the act, not the child. "Hitting hurts. We do not hit." Use words to tell her/him what is acceptable.
3. Redirect the child. "You may play with the blocks, or paint at the easel, but we can't play with the cars."
4. Minimize attention given for inappropriate behavior, while giving attention to desirable behavior.
5. Employ natural consequences. If a child dawdles during cleaning time, the natural consequences would be that they might be the last child in the room cleaning up their materials, while everyone else is outside playing.
6. If a child has lost control or has repeated behaviors a "time out" will be utilized. This technique will only be employed as long as the teacher feels it is needed for the child to calm down, rethink behaviors and will last five minutes or less.

**Extreme behaviors** that put a child or those around them in danger and/or several offenses in one day may accelerate this process and will be dealt with on a case by case basis. Extreme behaviors are, but not limited to: Physical attacks such as hitting, biting, spitting, kicking, etc., abusive language, disrespect to staff (verbally or physically by parent or child), or leaving the program area without permission.
