

## CHAPTER 9 – FIRE PREVENTION AND PROTECTION

Sec. 9-36. Uniform Fire Code; conformance with other codes.

- A. All installations, businesses, commercial, industrial, and multi-family residential properties regulated by the uniform fire code, shall also comply with the zoning code, building code and engineering standards of the city.
- B. Where any provision of the Uniform Fire Code conflicts with the provisions of the Zoning Code, Building Code or Engineering standards of the City, the most restrictive code or standard shall apply.

(Code 1977, § 4-3-4)

(Ord. No. 90-30, 8-28-90)
