**16R Easement Agreement, Nobel Learning Communities and Meritas, LLC, Fence Installation, Fletcher Heights Park North (Item 15C, January 15, 2008)**

J.P. de la Montaigne, Community Services Director, provided an overview of the history of an agreement authorized by the City Council for Nobel to share use of the Fletcher Heights Park North. The agreement allowed for public use of the park at all times including during school hours. The agreement also stated Nobel was responsible for the maintenance of the park. Meritas Schools entered into a lease agreement with Nobel. Meritas agreed to improve the park appearance by providing landscape maintenance improvements, basketball court re-surfacing, shade over the playground area, and a fence along the perimeter; Meritas agreed to pay for these improvements. Meritas was advised that installation of the fence prior to City Council approval would be done at their own risk. Meritas installed the fence at its own risk. Mr. de la Montaigne informed Council that at its January 15, 2008 Council Meeting, staff recommended approval of the amendment to the easement agreement to allow the fence. The City Council at that time carried over the Agenda Item to allow for additional public input. At the request of Council, the item was also referred back to the Parks and Recreation Board.

Meritas conducted a neighborhood meeting on January 29<sup>th</sup>, and the majority of the attendees were in favor of the fence. However, residents expressed some concerns. Meritas held an open house to discuss resident concerns prior to opening of the school. The Community Services Department mailed 745 letters to homeowners asking for resident preferences on the fence, and the Parks and Recreation Board held the January 29<sup>th</sup> meeting in the neighborhood. Meritas held an open house meeting on February 12<sup>th</sup> and 195 letters were mailed to residents to request their preferences on the fence – 39 percent responded to remove the fence; 61 percent responded to keep the fence. The Parks and Recreation Board unanimously recommended to keep the fence. Council was also provided with copies of a petition that had been circulated by a resident of Fletcher Heights, with the signatures of approximately 215 residents opposing the fence.

Mayor Barrett called on members of the public in attendance to speak on the item.

Brian Ladd addressed the Council stating that no one knew about the fence. Mr. Ladd indicated concerns about the fact that no at risk application is on file for the fence. Mr. Ladd also stated that a three- to four-foot fence like the one currently in place does not provide safety. Mr. Ladd stated that 215 residents signed a petition to have the fence removed and that the letter that went out from the Community Services Department was skewed and did not follow a proper process.

Jon Edwards addressed the Council stating he would like to see the fence removed. Mr. Edwards also stated they want a barrier but they want to work together on a barrier that is agreeable to everyone.

Teresa Wiest addressed the Council. Mayor Barrett stated to Ms. Wiest that although her husband cannot be present to speak to the Council, it is noted that her husband is opposed to the fence. Ms. Wiest stated she votes to remove the fence because this is the only park in her area and she would like to see the park remain open and inviting. Ms. Wiest also indicated that no notice was given to the public about the fence prior to the fence being constructed. Ms. Wiest also stated that two former schools used this park without safety concerns and without a fence.

Tammy Jodarski addressed the Council stating she chose to live in Peoria specifically because of their parks and that she chose a house across from the park. Ms. Jodarski stated when she attended the community meeting, she was first for the fence, but has changed her mind since that time because she was not given proper information when she first cast her vote for the fence. Ms. Jodarski also stated that at one time during school hours, a member of the public was asked to leave the park during school hours.

Debbie Juengel addressed the Council stating she votes no to a fence and to an easement change. Ms. Juengel stated she attended the meeting held by the school, and she felt that it was a mean-spirited meeting. Ms. Juengel stated there are no safety concerns that have been filed with the police. Ms. Juengel stated she felt pushed into a corner and that she is willing to work something out.

Petra Stevens addressed the Council stating she would like to see no fence and no change to the easement. Ms. Stevens stated she would like to keep the park an open space park. Ms. Stevens stated she was not consulted prior to the construction of the fence. Ms. Stevens stated Meritas should have gone through the proper channels. Ms. Stevens stated she believes a traffic study needs to be done to show any safety concerns and that there are new blind spots due to the fence.

Danielle Juengel addressed the Council stating she votes no to a fence and no to a change in easement. Ms. Juengel stated the fence was installed without future thought to the neighborhood. Ms. Juengel stated that the safety concerns are just speculation and that the fence portrays that Meritas has exclusive use of the park.

Jim Carruthers addressed the Council stating he is a Meritas representative and that he lives in Peoria. Mr. Carruthers stated a safety study was conducted and that short cuts between 83<sup>rd</sup> Avenue and Deer Valley Avenue are being used by speeding cars. Mr. Carruthers stated the Memorandum of Understanding in 1999 allowed for a fence around the park. Mr. Carruthers stated Meritas took the risk of adding the fence prior to Council approval because of concerns for the safety of the children. Mr. Carruthers also stated that no member of the public has ever been asked to leave the park during schools hours.

Reo Krebsbach addressed the Council stating he lives within walking distance of the park, and he enjoys the park now that it offers a high degree of safety. Mr. Krebsbach stated that at the meeting in January, 90 percent of the residents who attended were in favor of the fence; at the February meeting, the majority of the attendees said they wanted the fence; and in response to the letter mailed requesting votes, the majority of the residents wanted a fence. Mr. Krebsbach stated the fence should stay. Mr. Krebsbach stated the school put up the fence at no taxpayer expense, and the park has never looked better. Mr. Krebsbach stated the park offers safety for kids and he has had no problems using the park.

Cherelyn Steele addressed the Council stating she is in favor of keeping the fence. Ms. Steele stated the 215 signature petition against the fence did not record her vote that she would like to see the fence remain. Ms. Steele stated the fence is for the safety of the kids and the back area is open for easy access to the park.

Motion was made by Councilmember Pearson, and seconded by Councilmember Aames to deny the request for an amendment to an easement agreement at the Fletcher Heights Park North and to instruct staff to work with the neighbors to come back with an action plan for a safety barrier along Hillcrest Boulevard. The motion carried by a vote of four to three. Mayor Barrett, Vice Mayor Carlat and Councilmember Hunt voted "no".
