

**Economic Development Services Department
Building Development Division
Memorandum**

Date: May 1, 2012
To: Solar companies and Building Development Staff
From: Dennis Marks, Building Development Manager
Subject: **End of solar fee incentive**

For the last three and one half years Building Development has offered a deep discount for residential solar photovoltaic and solar water heater permits. Included in the incentive package was an expedited review time.

Effective June 1, 2012, the solar permit fee discounting will end. The cost of residential solar permits will revert to what the current adopted fee table requires.

Solar photovoltaic permit	\$175
Solar water heater permit	\$150

Thank you for your cooperation.

Dennis Marks, CBO
Building Development Manager
City of Peoria

Amended 8/13/2012
