DES/DDD Programs

The City of Peoria Adaptive Recreation Program contracts with the Department of Economic Security, Division of Developmental Disabilities, to offer a variety of Day Treatment and Training services.

The primary goal of all DES/DDD contracted programs is to enhance social and independent living skills through various recreational opportunities and through community outings and service projects. All programs are staffed on a 1:4 staff to participant ratio, so a moderate-to-high level of independence is required.

Our Philosophy... The Adaptive Recreation Program recognizes that meaningful leisure activities can have a positive and often profound impact on the lives of persons with disabilities. Therefore, we are committed to providing a wide range of both integrated and specialized activities.

To better determine and plan for future needs, an ongoing dialogue between staff and individuals with disabilities and family members is encouraged.

Participation Policy...In order to provide a safe and fun environment for everyone, it is important that these guidelines be followed when participating in the various programs.

Appropriate social behavior – Participants will refrain from behavior which would negatively impact the program (hitting, kicking, inappropriate language, refusing to stay with the group, etc). Repeated incidents can lead to a participant being prohibited from participating in future activities.

Personal Care Needs – Persons needing assistance with feeding, toileting or dressing during a program or class are responsible for making arrangements for this assistance.

Emergency Contacts – It is the responsibility of the parent/guardian to ensure that current emergency phone numbers are on file with the Adaptive Recreation Program. This is critical in the event of a medical or behavioral emergency.
