

## CHAPTER 18 – PARKS AND RECREATION

Sec. 18-55. Planting, removing or cutting trees on public property.

No person shall plant, remove, cut above the ground or disturb any tree within any City maintained right of way, park or other public place without first obtaining written permission from the City Arborist. The person obtaining permission shall abide by the standards set forth in this Chapter. Any person maintaining any overhead wires or conduit along or across any street or alley of the City desiring to have any trees that may interfere with any such utility cut, trimmed or pruned must be granted written permission to cut, prune or trim such trees.
